

## HALLOWEEN PARTY

We will have our annual Halloween party on Friday, October 30th. Please send enough treats to have your child pass out to their friends. We have 14 kids this year but just know 2 of them are under the age of 2 years old. You can make them different or all the same that is up to you.

We will take turns being in the play house passing out our treats and ringing the doorbell to practice our "Trick-or-treats". We will be playing games, winning prizes, doing a craft and having Jack O' Lantern pizza for lunch.

**PLEASE SEND COSTUMES ON THIS DAY!**

### **CLOSURE REMINDER:**

- November 26 (Thanksgiving)
- November 27 (Black Friday)
- December 24, 25 (Christmas)
- December 28, 29, 30
- December 31 (New Year's Eve)
- January 1 (New Year's Day)

## Fall Update

10-19-20

I thought I would send out this update going into these colder days so we're all still on the same page. I'm sure most of you have seen some changes to the entry way. I have replaced the plastic bins that hung on the wall as I had a few that have been overfilled with things and have begun to fall off the wall. We've added more kids to our group as well that are not siblings to others so with that came more bins. They got so high, even I would have to jump or get the step stool. Being short has its downfalls sometimes. :) Oh well. The new file system will ONLY be for children's files, artwork or papers going home and checkbooks can be in them too. If your child has hats, mittens, change of clothes, etc. they can go into the grey bins on the closet door. Each gray bin will be marked with child's name by the end of this week. I ran out of my labels so I'm waiting for the mail to deliver them. For now, the kids have picked one they like.

As the weather begins to change to these colder months please be sure your child's extra clothes match the season. I would really hate to send a child home in shorts during a blizzard. Please send outdoor play gear each day with your child. If we can't go out into the snow, most of you know we bring in the snow. It's a lot more fun for the kids if they have their mittens and sometimes they like their snow pants too. On days where it's tolerable we will go outside to play even if it is just for 20 minutes. Hopefully some fresh air will send away the sickness.

A few of you have asked about swimming lessons. I am waiting to hear from Swim America that they will do these for us. Due to COVID several pools we typically have used in the past are still in shut down mode. If you have a 3 year old or older you will hear from me as soon as I get word we have access to the pools again.

If you have any questions, please feel free to ask.
